

## Loser

Super Whatever

Love is lost when you give into caring more than her  
And I don't want to be a burden, so please keep your distance  
You're a lover, I'm a loser, seems perfect to me  
I can't quite keep my hands to myself, now I'm losing sleep

Hold me close  
Let me in  
Kill me slowly  
Drown my sin

Holy forces so unnerving, hell surrounding me  
I'm a fragment of my culture, lying through their teeth  
Little secrets tend to keep me tied inside my lungs  
Victim of these circumstances, pain has just begun

Oh, my soul  
Now I've found  
This love embracing me  
While I drown

Hold me close  
Let me in  
Kill me slowly  
Drown my sin

Hold me close  
Let me in  
Kill me slowly  
Drown my sin

Oh, my soul  
Now I've found  
This love embracing me  
While I drown
