

So Am I.

Super Whatever

Got a call that you're feeling fine
But you say that every single time
It kinda seems you may have lost your mind
Would've thought that you could just admit
Your remedy was insufficient
Had to go and hurt yourself again

You've got issues
But I've got more
It's time to let it out

Are you running for your life?
So am I, so am I
Are you faking every smile?
So am I, so am I, oh
I kinda always wanna be alone
Do you wanna come?
Are you running for your life?
So am I, so am I, oh

And every time you'd put it all on me
I think I even started to believe
That you actually meant everything
Now I think I finally understand
What it means to really make amends
Sometimes it isn't always fun, for them

You've got issues
But I've got more
It's time to let it out

Are you running for your life?
So am I, so am I
Are you faking every smile?
So am I, so am I, oh
I kinda always wanna be alone
Do you wanna come?
Are you running for your life?
So am I, so am I, oh

I thought you were someone I could trust, but
Your empty words were never enough
I thought you were someone I could trust, but
Those empty words were never enough

Are you running for your life?
So am I, so am I
Are you faking every smile?
So am I, so am I, oh I kinda always wanna be alone
Do you wanna come?
Are you running for your life?
So am I, so am I, oh
