

Big Star Machine

Superchick

Could someone help me comprehend
How I'm wanting to have friends is now this monster that I feed
It's popularity I need
When people think that I'm the deal
It helps me feel like I am real
but I think I lost the me looking for the star machine
I don't want any part of it. everything is...

Here today, gone tomorrow
Big star machine
Ricky Martin or Menudo
Big star machine
VH1 where are they follows
Big star machine
How could I have been so shallow
Big big star machine Big big star machine Big big star machine

Could someone help me comprehend
How I came to judge my friends
On a scale of trendiness
And somehow I love them less
Not as hip as they could be
Through the eyes of star machine
It's a dumb philosophy
To judge my popularity
I don't want any part of it. everything is...

Here today, gone tomorrow
Big star machine
Ricky Martin or Menudo
Big star machine
VH1 where are they follows
Big star machine
How could I have been so shallow
Big big star machine. Big big star machine. Big big star machine.
everything is...

Here today, gone tomorrow
Big star machine
Ricky Martin or Menudo
Big star machine
VH1 where are they follows
Big star machine
How could I have been so shallow
Big big star machine. Big big star machine. Big big star machine.
Big big star machine. Big big star machine.
