# Sunshine

**Superchick**

Every day is Christmas
When every day is Thanksgiving
I can find the sunshine
If I count my blessings
I got love
And a brand new day

I don't have the best, but I make the best of what I've got
I can see I'm blessed if I don't obsess on what I'm not
Knocked down to the bottom, but I'll start it all over again
You can steal my songs, but you can't take away my pen

I've got nothing but love and a brand new day
I'm living a brand new way

If I miss, I don't cry - I change it up and try again
Every day I'm shooting, every day a chance to win
Easy to be hard, hard to let the light shine in
I love like a child, I never let the critics win

I got lint in my pockets
I got everything I need
Radio's broke so Imma make my own break beats
I get up when I get down
I never draw the perfect line
I got 99 problems
I knock 'em down one at a time
