

Our Work Is Done

Superchunk

Last one out and blow the amps
This joke was all
We had to offer
After so long, it was such a soft collapse
A slow-motion fall
Then a cloud passed over

Nothin' explodes and nothin' [?]
Oh it's just this breeze
We won't remember

'Cause our work is done
Our work is done
We drained the life out of every living thing
Oh, under the sun
But our work is done

Throw your shovel out the well
There's nothin' down there and it's late
I'll pour another
Time flies when you're on the run
We're dreaming in place
Only to discover

That our work is done
Our work is done
We drained the life out of every living thing
Oh, under the sun
But our work is done
Yeah!

Our work is done
Our work is done
We filled our holes, yeah with everything we wanted
Oh and we had fun
But our work is done

Our work is done
We sucked the life out of every living thing
Oh, under the sun
But our work is done
Our work is done
Our work is done, yeah yeah
Our work is done, yeah yeah
Our work is done, yeah
