

Skip Steps 1 & 3

Superchunk

I see you ??? as big as your fist
You take a slow sharp step and run it through
'Cause if the sound's as good as the action just like a kiss
Well you hesitate and you waste
Why don't you move

Hit the gas straight on
Run through the lights
Run through the tree
Skip steps 1 & 3

You see what you want to say
Get to the point
You're gettin' to me

Yeah you can blaze ahead and go home happy
Well it's your free time in the back of your skull
And that's fine for now but what comes after
You've been sucking wind so long it makes you feel full

Hit the gas straight on
Run through the lights
Run through the tree
