

## Bad 4 Us

Superfruit

I wanna give you my love  
I wanna give you my love tonight  
Come on, come on  
But I've been thinking it over  
And I remember the last time  
I don't need another heartbreak or a headache

Why can't I take you off my mind?  
(You're my knight in shining armour)  
With you I've never felt more alive

This love could be bad for us  
Bad for us  
Bad for us  
But I want it  
Bad for us  
Bad for us  
Dangerous  
But you want it too  
And I'm ready if you are  
Bad for us  
Bad for us  
Bad for us  
So tell me why, boy  
(Tell me, tell me why)  
Nobody can make me feel the way you do  
I get so shy, boy  
(I get so shy)  
And when we get home, get down  
I don't wanna just be bad for us

Somehow it's never enough  
Nobody's fillin' my cup like you do  
Come fill me up  
But I've been thinking it over  
So let's forget all the others, babe  
I just want another good night full of mistakes

Why can't I take you off my mind?  
(Off my mind)  
So wrong, so why does this feel so right?  
(Feels so right)

This love could be bad for us  
Bad for us  
Bad for us  
But I want it  
Bad for us  
Bad for us (bad for us)  
Dangerous (dangerous)  
But you want it too  
And I'm ready if you are  
(Ready)  
Bad for us  
Bad for us  
Bad for us  
(I wanna just be bad)

So tell me why, boy  
(Tell me, tell me why)  
Nobody can make me feel the way you do  
I get so shy, boy  
(I get so shy)  
And when we get home, get down  
I don't wanna just be bad for us  
(Come on)

(What a cute boy!)

I wanna  
I wanna  
I wanna (I wanna)  
I wanna just be bad  
What is the matter, baby?  
If we like all the rules we're breaking  
Put on some old-school Britney  
'Cause, baby, you got me crazy  
(I wanna)  
What is the matter, baby? (What is the matter, baby?)  
If we like all the rules we're breaking  
Put on some old-school Britney  
'Cause, baby, you got me crazy

Get home, get down  
I don't wanna just be

(Wanna be bad for us)  
This love could be bad for us  
Bad for us  
Bad for us  
But I want it  
Bad for us (bad for us)  
Bad for us (bad for us)  
Dangerous (dangerous)  
But you want it too  
(Baby)  
And I'm ready if you are  
(I know you want it so bad)  
Bad for us  
Bad for us  
Bad for us  
So tell me why, boy (tell me why)  
(Tell me, tell me why)  
Nobody can make me feel the way you do  
I get so shy, boy  
(I get so shy)  
And when we get home, get down  
I don't wanna just be bad for us
