

Vacation

Superfruit

I can't believe I still get like this
My body on fire, breathless
I only wanna be alone with you, oh...

It's alright
I'm coming for you baby
Hold tight
Lemme break on you like a wave
And don't you pretend like you can't feel it, oh...

I'm yours tonight if you say that you want it
Ah yeah, ah yeah
Our paradise if you think you can go there
Ah yeah, ah yeah
A sweet summer love vacation
Feeling the good vibrations
Our paradise if you say that you want it
Ah yeah, ah yeah

I can see you're sipping a little too much
Is it me talking, or is it the rum?
You take me underneath the golden sun, oh yeah

Alright
I'm coming for you baby
Hold tight
Lemme break on you like a wave
And don't you pretend like you can't feel it, oh...

I'm yours tonight if you say that you want it
Ah yeah, ah yeah
Our paradise if you think you can go there
Ah yeah, ah yeah
A sweet summer love vacation
Feeling the good vibrations
Our paradise if you say that you want it
Ah yeah, ah yeah

My baby's shy, baby's shy
But he knows it's right
Make him mine, come alive
It's the perfect time
My baby's shy, baby's shy
But he knows it's right
Make him mine, come alive
It's the perfect time

I'm yours tonight if you say that you want it
Ah yeah, ah yeah
Our paradise if you think you can go there
Ah yeah, ah yeah
A sweet summer love vacation
Feeling the good vibrations
Our paradise if you say that you want it
Ah yeah, ah yeah
Ah yeah, ah yeah
Ah yeah, ah yeah
