

## Worth It (Perfect)

Superfruit

I gotta walk away  
Can't handle the dangerous games that you play  
Not tryna change you babe  
So keep on, keep on  
I gotta look away  
Tried to ride at your tempo, but I can't keep up  
Not tryna change you babe  
So keep on, keep on

Ooh, yeah  
And it was perfect  
Ooh, yeah  
And no I don't regret it

You pull me under gave me something I never had  
Push me over with no time to push back  
I never felt so good and so bad  
Went to hell and back  
But it was worth it (ooh yeah)  
And it was perfect (ooh yeah)  
And no I don't regret it

(Hey)  
And I'm not the only one  
Riding shotgun these days in your car  
Not tryna change you babe  
So keep on, keep on  
'Cause this ain't my kind of fun  
The rumors are true and you gotta do you  
Not tryna change you babe  
So keep on, keep on

You pull me under gave me something I never had  
Push me over with no time to push back  
I never felt so good and so bad  
Went to hell and back  
But it was worth it (ooh yeah)  
And it was perfect (ooh yeah)  
And no I don't regret it

Ooh, yeah (ooh)  
It was worth it  
Ooh, ooh yeah  
And it was perfect (it was perfect)  
Perfect, yeah

You pull me under gave me something I never had  
Push me over with no time to push back  
I never felt so good and so bad  
Went to hell and back  
But it was worth it (ooh yeah)  
And it was perfect (ooh yeah)  
And no I don't regret it

You pull me under gave me something I never had  
Push me over with no time to push back
