

Mama & Papa

Supergrass

Walk in the park, and it's getting dark, and I don't wanna be a
lone,
Miss my Mummy and I miss my Daddy won't you please bring them b
ack home,
Fly down the lane through the wind and the rain till the fires
of the evening go,
Miss my Mummy and I miss my Daddy won't you please bring them b
ack home,
Drift in time as the mountains rise from the floor of the valle
y below,
Seasons change as the rivers meet the sea,

Walk in the park, and it's getting dark, and I don't wanna be a
lone,
Miss my Mummy and I miss my Daddy won't you please bring them b
ack home,
Tire of the trail as the daylight fails and the shadows of the
east do grow,
Miss my Mummy and I miss my Daddy won't you please bring them b
ack home,
Side by side in the countryside with no thought for getting hom
e,
Distant stars are the only lights to see,

Miss my Mummy and I miss my Daddy won't you please bring them b
ack home.
