

That Old Song

Supergrass

That is told
You are fine
At this moment you can't by the sun
Take our bodies by the hand
Take us all

Bodies talk
You are fine
I'm unsorted and I feel the sun
And our bodies like night and day
Shed my fears

That old song
You are fine
And our soul is just a waterfall
And nobody can ignore
Shed my tears

That old stone
You outside
I'm on fire and I'm getting cold
And our bodies not what it was
Shed my tears

That is told
You are fine
I'm already but firefly
I'm so lonely as a hammer falls
Shed my tears
