

Crawl. Crawl over me
Take what you can
Waste. Waste everything hidden beneath your plans
And I'm settling

Walked on
Taking advantage of my love
You only care about yourself
Have you ever thought about how I feel?
So used and worn down

Drain. Drain my head
I don't want to feel anymore

Silently choking on my words

Walked on
Taking advantage of my love
You only care about yourself
Have you ever thought about how I feel?
So used and worn down
