Poor Aileen

Superheaven

Talk to me, your closest thing to a friend
Honesty went overlooked in the end

I understand the situation you're in
Oh, poor Aileen. You weren't treated like a human
They took your veins. Don't be afraid

In the woods, you're sleeping out in the cold
Life's no good. They took you out of your home

I understand the situation you're in
Oh, poor Aileen. You weren't treated like a human
They took your veins. Don't be afraid

Strapped to a bed
Everyone says that you're a monster in the way
Needle goes in. How did you live?
You didn't get a chance

Oh, poor Aileen. You weren't treated like a human
They took your veins. Don't be afraid
