

Beaming Down from Satellites

Superheist

They're beaming down from satellites
They're beaming down from satellites

Our invention
Your creation
Help us through this humiliation
You governments don't cease to surprise me

Attention people of the world

Were control by remote a generation
(Attention people of the world)
Were control by remote a generation of
Remote control reaction

(Reaction)
(Beaming down from satellites)

Don't disrespect my generosity
Like a spec of dust
I breath you into me
You control freaks
Cant authorize me

Attention people of the world

Were control by remote a generation
Attention people of the world
Were control by remote a generation of
Remote control reactions
Remote control reactions

Identical remote control reactions
Remote control reactions
Identical

Imitate
We levitate this world that we built with our hands
Imitate ill dominate
This world for you, see I'm back in your face
(consripting allegiance, realigning, subdividing)
(programming our lifestyle, dictating our worthwhile)

They're beaming down from satellites
They're beaming down from satellites

Attention people of the world
World
World
Remote control reactions

Remote control reactions
Identical remote control reactions
