

## Fuck Your Enemy

### Superjoint Ritual

Where were you?  
When it was in me?  
A hollow paw, A quiet stare  
Drain it slowly  
The flow of birth  
Eat the after  
And satiate the claw  
Rise  
The dumb ones rise  
To salute the queer  
Another dreary  
People fearing  
Dick the system  
Screw the city  
Forget you were, Forget you were  
DIE WHEN YOU CAN DO NO MORE DAMAGE
