

# We DO

SuperM

Hey! What? Here we go

New school eight track flow, in digital (Take a bite of the future, 21st century now, c'mon)  
Shining bright like gold  
That's how we roll (Can you feel it now?)  
Oh yeah (Can you feel it now?)

And when we start it up, we can't stop  
Gonna move till we lose it  
When the beat drops, uh huh (Makin' everybody dance now)  
Uh huh (Makin', makin' everybody dance now)  
If it feels good, we do it (We do it)  
Come on, move like we move it (We do it)  
If it feels good, if it feels good  
If it feels good, we do it (Hey!)

Come on now, everyone (Let's all)  
Run around in the sun (Let's all)  
Ride the vibe side to side  
Now we're havin' fun, hey  
Come on now, everyone (Let's all)  
Do it right, live it up (Let's all)  
Ride the vibe side to side  
Now we are having fun, hey

That's how we do (Feel that)  
How we do (Can you feel it for that)  
That's how we do (Feel that)  
How we do (Feel that)  
That's how we do (Feel that)  
How we do (Feel that)  
Hey! Ha, ha, we gon' ride

All together now, there's nothing we can't do (Work it out now)  
Yeah, work it out right now (Real tight, c'mon)  
'Cause we all came to run this  
Didn't come this far for nothing  
We all here for just one thing  
And now we 'bout to live it up

And when we start it up, we can't stop  
Gonna move till we lose it  
When the beat drops, uh huh (Makin' everybody dance now)

Speakers out the window  
Bass go where the wind blow  
Move your body

Get up, live your best life  
Show them what it looks like  
Yeah, that's right  
That's what we do  
Hey, we gon' ride
