

# Flying

Superorganism

It's only a pipe dream  
Get lost in the hellish galaxy  
Suck it in for your spacesuit  
When the planet welcomes your debut

Get away from the groundhog, prologue nights  
About time that you took your own advice  
Get away in a second, it's alright  
Here they come, beam 'em up, like it's a satellite

Gave up on tryna be hot stuff  
Turns out it was easy to overcome  
Horizon's starting to rise and  
We're flying, we're flying  
No time for putting up flyers  
Queued up, "Eye of the Tiger"  
Horizon's starting to rise and  
We're flying, we're flying

Get away from the groundhog, prologue nights  
About time that you took your own advice  
Get away in a second, it's alright  
Here they come, beam 'em up, like it's a satellite  
(Like it's a satellite)  
(Like it's a satellite)

Couldn't wait to get outta this town  
I know I'm late, but thought I'd come around  
I think we make a pretty good team  
But I won't keep your fingernails clean

So you won it but lost it  
Fuck the plot, what you need's a brand new plan  
Can we make a commitment, well  
Tough luck, you know you want it anyway

Gave up on tryna be hot stuff  
Turns out it was easy to overcome  
Horizon's starting to rise and  
We're flying, we're flying  
No time for putting up flyers  
Queued up, "Eye of the Tiger"  
Horizon's starting to rise and  
We're flying, we're flying  
We're flying, we're flying  
We're flying, we're flying  
We're flying, we're flying  
We're flying
