

Hell City, Hell

Supersuckers

yeah i can tell
all is not well
so we gotta go, hot lover
go hell city, hell
i hear that bell
and that means still
satan saying now ride a sacred cow
hell city, hell
got booze and speed
hot sex and dream
everything i need
don't look so sad
it ain't so bad
if satan is your dad
i dig that steel
got some to sell
got everyone, no love for law
hell city, hell
