

The Evil Powers Of Rock N' Roll

Supersuckers

Got Evil Blood

And a twisted mind

Everywhere I go yeah

You know that trouble won't be far behind

Do you feel it

Yeah, I feel it too

So let's get it up

And get it on

The beat has made you weak

And you're a freak now baby

So let's get it on

You might be crazy

I might be high

We're gonna do it
