I'm sad I'm tired  
And I refuse all those who never touched the thrill  
I'm scared of those can't remember  
Once they drank a mother's milk  
And we get so exposed  
I feel the pressure's going in my head  
I feel it more and more  
But it won't explode if I'll be set  
Yeah, I get so confused  
And people watch around me  
Now deadicated man  
Can you tell us what this sound is  
I'm sad I'm tired  
But I still doubt, in fact that's what makes me strong  
I aint got time to stop  
So I'm gonna let this problem leave my soul  
But I get so exposed  
I feel the pressure's going in my head  
I feel just like a clown  
But the clown's not paying for his rage  
Now I got so confused  
And people watch around me  
Yeah dedicated man  
I hope you can remind me  
'Cuase I got so confused  
As people piss around me  
Now dedicated man  
Relayxs you'll never find me  
Now I got so confused  
And people watch around me  
Yeah dedicated man  
I hope you don't remind me  
'Cause I got so confused  
As people piss around me  
Now dedicated man  
You just don't mind me
