

# Get Away

Supreme Beings Of Leisure

I am here on this road  
Knows me well  
With my head on the wheel  
And my heart on the floor

Trying through my tears  
I'm no delicate flower  
I'm wanting you near  
Every minute each hour

Get away  
Can't get away  
Can't get away  
Can't get away from you  
(Ohh)  
Get away  
Can't get away  
Can't get away  
Can't get away from you

No space is sacred  
Atomic, can I heal?  
This frail unforgiving relentless  
Defenseless invasion of fear

I hide in the sand  
But the voices get louder  
I do what I can  
As the sea overpowers

Get away  
Can't get away  
Can't get away  
Can't get away from you  
(Ohh)  
Get away  
Can't get away  
Can't get away  
Can't get away from you

Get away  
  
Can't get away  
Can't get away  
Can't get away from you  
(Ohh)  
Get away  
Can't get away  
Can't get away  
Can't get away from you

I've been affected  
(I've been affected)  
Laa laa laa laa laa laa

I hide in the sand  
But the voices get louder

I do what I can't  
As the sea overpowers

Get away  
Can't get away  
Can't get away  
Can't get away from you  
(Ohh)

Get away  
Can't get away  
Can't get away  
Can't get away from you

Get away  
Can't get away  
Can't get away  
Can't get away from you  
(Ohh)

Get away  
Can't get away  
Can't get away  
Can't get away from you

I've been affected  
(I've been affected)  
I've been affected  
(I've been affected)
