

Devils In The City

Suran

If all that I got won't change my fate
Will my heart stray further from the light?
I couldn't find the way
Searching in vain
So take it for what you think it's worth
One step could cost your prayer

Devils in the city
Devils in the city
Don't make no mistake girl
Devils in the city
Stuck here with nowhere to go

The devils and their voices

Show me your faith and dedication
I'll give you everything you want
You know I'm never letting you down

Don't ever settle for illusions
I got all that you want
So let me deep inside of your heart

Put on some music pedal
To the metal out the city
Out in pacific hear the wave
Breakin' got to need it
I'm just being honest
I was just born like that
That's how we all got here
I be just flowing like that

I know my place and know
My role never got lost
Just explore thru my vision
Keep my eyes closed
Enjoy the moment
This life that i chose
Enjoy the moment lets see how that go

Devils in the city
Devils in the city
Don't make no mistake girl
Devils in the city
Stuck here with nowhere to go

The devils and their voices

Show me your faith and dedication
I'll give you everything you want
You know I'm never letting you down

Don't ever settle for illusions
I got all that you want
So let me deep inside of your heart

Show me your faith and dedication

I'll give you everything you want
You know I'm never letting you down

Don't ever settle for illusions
I got all that you want
So let me deep inside of your heart
