Baby please don't go

I still can't forget
I'm sweetly spinning around
I didn't know it was a dream, star
I'm wandering

Maybe I'm just dizzy
You're asleep, don't say anything
I'm already used to our maze

I can't hold it in
Have a feel so sweet
Like our awkward first glass of wine
It was bitter and painful
But I put you in my eyes
And I'll let you go as you flow out

I'm drunk with you
I'm drunk with this night
In the memories of you being cruel
I'm wandering through those memories, looking for you
I just wanna forget
But I wanna know your heart, boy
Just stay
Baby please don't go

I'm busy bae
Stop holding onto your phone
Our conversation is over
I'm a cold guy
Everyone acts like that when they're drunk
Taking your phone, putting it down
Getting fingerprints all over, everyone does that

I know, I'm 24 years old
I'm not so good at break ups

Actually, I want to be used to it now
Just like making more money than people my age
But for you,
Who is so much softer than me
I'll try to act like an adult
I have no choice, that's what I think

I can't erase it
Have a feel so sweet
Like your familiar scent
It's bitter and painful
But I put you in my heart
And I'll let you go as you flow out

I'm drunk with you
I'm drunk with this night
In the memories of you being cruel
I'm wandering through those memories, looking for you
I just wanna forget
But I wanna know your heart, boy
Just stay
Baby please don't go

When I close my eyes, I see the street we walked on
If only I can fall asleep in our time together

I think I'm a bit drunk today
Even if I call out to you with a locked voice
Pretend you didn't notice and just go

I'm drunk with you
I'm drunk with this night
In the memories of you being cruel
I'm wandering through those memories, looking for you
I just wanna forget
But I wanna know your heart, boy
Just stay
Baby please don't go
