

Run

Surf Mesa

You stay up late when I burn alive
I got fears that I wanna hide
You my favorite place but I never stay
Gotta paint my life in a different way

You're the start, the middle and the end of me
You fire me up like kerosene
When the dead of night turns into day
Tryna paint my life in a better way

Yeah yeah
All I wanna do is run from the good ones

Yeah yeah
All I wanna do is run run run run

Yeah yeah
All I wanna do is run from the good ones

Yeah yeah
All I wanna do is run run run run

Yeah yeah
Yeah yeah
Yeah yeah
All I wanna do is run run run run

You stay up late when I burn alive
I got fears that I wanna hide
You my favorite place but I never stay
Gotta paint my life in a different way
You're the start, the middle and the end of me
You fire me up like kerosene
When the dead of night turns into day
Tryna paint my life in a better way

Yeah yeah
All I wanna do is run from the good ones

All I wanna do is run run run run
