

A Nice Time For Lovin'

Surface

When two people find true love, any time is the right time
The holidays, yesterday, and especially just like today

Yeah, a nice time for lovin'
Early in the morning, ooh, yes, a nice time for lovin'

It doesn't matter where you are, under the sun or under the stars
Realizing what you found that it's love that makes the world go
'round
They're loving like two hearts when you know the feelings that
they share
There's a place the romance starts, just being there anytime, a
nywhere

Cheap wine, candlelight, it feels so right, being together
Feeling secure, you can be sure

Your love is from the heart, it's always a nice time for lovin'
Early in the morning is always a nice time for lovin' (lovin',
lovin')

Now I have some place to go, don't be afraid to let your feelin
gs show
When it's right you can't deny that you know you're feeling sat
isfied
When you listen to your heart, there's no doubt that you really
care
It's a place where romance starts, just being there anytime, an
ywhere

Sweet wine, candlelight, it feels so right, just being together
Feeling secure, you can be sure

When love is from the heart, it's always a nice time for lovin'
, yeah
Walking in the park is always a nice time for lovin'
No matter where you are, it's always a nice time for lovin'
Cruising in the park, there'll always be a nice time for lovin'

Strolling in the park, together after dark
No matter where we are, oh (any time is the right time)
Outside in the rain, you're my everything
When our feelings are the same, mmm (any time is the right time
)
To a woman and a man walking hand in hand
No one understand any time (is the right time)
Any time is the right time for love (any time is the right time

) for lovin'

Any time (any time) is the right time for love

A nice time for lovin', a nice time for lovin'

No matter where you are, it's always a nice time for lovin'

Cruising in the park is always a nice time for lovin'

Walking in the park is always a nice time for lovin'

Mmm, yes, this is so nice (a nice time for lovin') a nice time
for love
