

# All I Want Is You

Surface

Every since I could remember  
You have been my joy, you touch my heart  
Right from the start, I'm so in love  
I'm head over heels for you  
The first day we met, I never will forget  
You were that little lady for me  
I can see (only I could see) that you are

(All I want) All I want  
(All I need) All I need  
(All I want is you) No one cares, no  
(All I ever wanted is you) Listen  
(All I want) All I want  
(All I need)  
(All I want is you) All I want is you, babe  
(All I ever wanted is you) All I want is you, only you

The very first time that we kissed, girl  
You took my breath away  
I can still feel the thrill that it gave  
And deep down with them, the love Jones is here to stay  
So come closer to me, fulfill my fantasies  
When it comes to love, you're all that I need  
I could see (only I could see) you are

(All I want) All I want  
(All I need) All I need  
(All I want is you) All I need is you  
(All I ever wanted is you) You are my everything, baby, mmm  
(All I want) All I want  
(All I need) Is you  
(All I want is you) Sign it to me, baby  
(All I ever wanted is you) All I want is you, oh

I can't control my love for you but you've grown in  
And I want to know every day (oh oh) and every way (yeah yeah)  
My baby

Oh...

(All I want) Tell me what you want  
(All I need) Oh  
(All I want is you) Tell me what you need, ah  
(All I ever wanted is you)  
Ooh, do you (do you really want me, baby?)  
(All I want, all I need, all I want is you)  
You hold me, yeah baby  
(All I ever wanted is you)  
Yeah, all I want is you (all I ever want is you)  
(All I want, all I need) Ooh ooh ooh  
(All I want is you) All I want is my love  
(All I ever wanted is you)
