

# Feels So Good

Surface

Feels so good (feels so good)

The first time I saw you  
I felt something inside  
We were in for two  
You were so so nice  
Right then I knew  
When I wanted to get to know you  
Right then I knew  
That I can't follow you, baby (baby)

It feels so good  
Being with my girl  
It feels so good, ah  
Being with my girl

I know I needed someone strong in my life  
Just can't resist it  
Because it feels so nice (so nice)  
I have to tell you  
That I wanted to get to know you  
Yes I told you that I can't follow you, baby

It feels so good  
Being with my girl  
It feels so good, ah  
Being with my girl

No more fooling myself  
I'm feeling down inside (ooh, down inside)  
No more hurting my love (keep coming)  
From you another night

It feels so good  
Being with my girl  
It feels so good, ah  
Being with my girl

No more fooling myself (fooling myself)  
I'm feeling down inside (ooh, down inside)  
No more hurting my love (keep coming)  
From you another night

It feels so good  
Being with my girl  
It feels so good  
Being with my girl  
It feels so good...
