

Gotta Make Love Tonight

Surface

You know what
I'm glad we got together tonight, baby
Ah, such a beautiful night
You're so sweet
Yeah

The feeling's right
Hold me tight
We've gotta make
Love tonight
Ooh, baby
Ooh
The feeling's right
Hold me tight
We've gotta make
Love tonight
Ooh, baby
Ooh

Baby
Here we are
All alone
Under the stars
Just you and me
So sweet
Ooh, baby
Can't you see
You're looking so good to me now
You never wear your hair down
Temperatures rise so fast
Have we found love at last

Tell me, baby, do you think it's time
Let's put on the line
Tell me do you think it's possible that you and I
Can get comfortable

The feeling's right
Hold me tight
We've gotta make
Love tonight
Ooh, baby
Ooh
The feeling's right
Hold me tight
We've gotta make
Love tonight
Ooh, baby
Ooh

Won't you
Stay the night
Take me to your paradise
Paradise is a state of mind
In only you I find
It's getting warmer
In here now

Heavy breathing drives me wild
Your heart's beating oh so fast
Have we found love at last

Tell me, baby, do you think it's time
Let's put on the line
Tell me do you think it's possible that you and I
Can get comfortable

The feeling's right
Hold me tight
We've gotta make
Love tonight
Ooh, baby
Ooh
The feeling's right
Hold me tight
We've gotta make
Love tonight
Ooh, baby
Ooh
