

Let's Try Again

Surface

Girl, since we've been apart
I've had some time to get myself together
And now I realize that you're the only one for me
Our need for each other
I just hope it's not too late
Tell me, tell me this girl

Girl, it's plain to see
That you and I were meant to be together
Now I know that I was wrong
But this time I'll be sure to make it better
Since we split up
I'm not ashamed to say
Girl, that I'm not the same
Without you
I'll give you all
All my love
Girl, you're all I'm thinking of
It's true

Let's take our time
And try again
Maybe we can work it out
Let's take our time
And try again
Maybe we can work it out

Girl, I can't describe the way I'm feeling
Now that you're not in my life
Baby, don't say no
For I just can't bear to be here alone
Another night
If you meant the words
You said to me
The day I told you that I had to leave you
Said you always loved me
No matter what I say or do
Girl I love you too
Forever I'll be by your side

I'll never stop loving you
But I had to take a little time to find myself
You're always on my mind
I realize that I need you here right here, by my side

Maybe we can work it out
Maybe we can try again

Let's take our time
And try again
Maybe we can work it out
Let's take our time
And try again
Maybe we can work it out
