

Love X Trust

Surface

Baby when I, when I come home
I need, I need someone to hold me tight
Who knows how to love me right
Again and again (again and again)
Again and again (again and again)

Oh, if you really care
Before you can get close to me
I like to know if you feel this way
I guess what I'm trying to say

What we need is love, girl
I have nothing but time
(Time will tell that) you'll be mine
Trust with all my heart
Love times trust equals my desire

Being alone, alone with someone like you
Someone like you makes dreams come true
Both day and night you love me right
Again and again (again and again)
Again and again (again and again)

Oh, if you really care for me like you say you do
I like to know (I like to know) if you feel this way
About what I'm trying to say

What we need is love, girl
I have nothing but time
(Time will tell that) you'll be mine
Trust with all my heart
Love times trust equals my desire, whoa
Girl, I have nothing but time
All the time you'll be mine
Trust with all my heart
Love times trust equals my desire

What we need is love (love, love, love, love)
More love (love, love) more time (trust)
Love times trust equals my desire

I like puttin' my cards on the table right from the start
And when it comes to love, you don't want to be in the dark
About what kind of person in mind or you 'cause what you wanna do is
Have a long everlasting, that means something, girl, this ain't no joke
I'm serious if you're curious, stick around a lot

What we need is love (love, love, love, love...)
I have nothing but time
(Time will tell that) you'll be mine (oh)
Trust with all my heart
Love times trust equals my desire
(Time will tell that you'll be mine)
All the time you'll be mine
Trust with all my heart
(Love times trust equals my desire)
It equals my de-desire, yeah

Girl I have nothing but time
(Time will tell that you'll be mine)
And everything that takes a little time
(Trust, take my heart)
(Love times trust equals my desire)
Everybody needs (love)
Just a little bit (David Conley)
Just a little bit (David Townsend)
Just a little bit, everybody (trust)
A little bit, just a little bit
(Love times trust)
Just a little bit, babe
(Equals my desire-sire, love)
A little bit, just a little bit
(Time will tell that you'll be mine, love)
