

Never Gonna Let You Down

Surface

forever i will love you
forever i will be true
forever i'll always be here by your side
and every morning i'll be there
when you open your eyes

never gonna let you down
i'll always be around
i'll be here for you
because i love you
never gonna let you down
i'll always be around
i'll be here for you
i love you

never no never no never no never won't let you down

whenever you call my name
it sounds so good
i wanna hear it over again
you never have to look around
if ever you need a friend
i'll hold you and i'll give to you
my tender loving care

never gonna let you down
i'll always be around
i'll be here for you
because i love you
never gonna let you down
i'll always be around
i'll be here for you
i love you

ohhhh .. how i waited for so long for someone just like you
to give to me the love that i've been waiting for
and yes you took me by surprise, opened up my eyes
now i see and i know

never gonna let you down
i'll always be around
i'll be here for you
because i love you
never gonna let you down
i'll always be around
i'll be here for you
i love you
