**Surface**

Turn up the quiet storm where the music is  
Turn up the quiet storm where the music is

Won't you let everything go?  
Just realize and let it flow  
Let go  
Let it flow

Turn up the quiet storm where the music is  
Turn up the quiet storm where the music is

Hold on tight  
Enjoy the ride  
Make sweet love all through the night  
All night  
All night

Turn up the quiet storm where the music is  
Turn up the quiet storm where the music is
