Surfaces

Yes I said it
And yes I meant it too
The wheels start spinning
And we start spinning too

Tell me something you're hiding
You're my mind's favorite island
I can't help but to tell the truth

You make everything feel brand new
New
Feel brand new
Brand new

West coast image
East coast in the queue
And we still kick it
Hometown hidden youth

Tell me something you're liking
And you know I'll supply it
I can't help but to tell the truth

You make everything feel brand new
New
Feel brand new
Brand new

Feel brand new
New
Feel brand new
Brand new

Brand new
Feel brand new
Feel brand new
Feel brand new
