

# Cherry Blossom

## Surfaces

Lost in all the same dreams, chasing where the rays sync  
Clouds are just the day's wings  
Dancing in the same stream of your mind I'm framing  
Reflection of a painting

I'm moving closer  
To the memories I've misplaced  
I'm feeling closer  
To the roots we had in place

Oh hazy  
Cherry blossom daydream  
Swimming in the same leaves  
You left in my mind

Oh hazy  
Cherry blossom daydream  
Swimming in the same breeze  
Losing track of time

I'm never alone  
When I'm lost under your sky  
I hope that we grow old  
And we keep this dream alive

I'm never alone  
When I'm lost under your sky  
I hope that we grow old  
And we keep this dream alive

Oh hazy  
Cherry blossom daydream  
Swimming in the same breeze  
Losing track of time

Oh hazy  
Cherry blossom daydream  
Swimming in the same leaves  
You left in my mind

Oh hazy  
Oh hazy  
Oh hazy  
Oh hazy
