

Cloud

Surfaces

I'm walkin' on a cloud
Wow, look at me now
Head so big, I can see your house
Lip gloss and cut up jeans
Lyin' through your crooked teeth
Wow, look at me now
Shut your mouth 'till the truth comes out
A bit lost in all your cheats
Queen of all my misery

Ah, ah-ah-ah, ah-ah-ah, ah
Been feelin' tied down
Takin' flight, leavin' right now
Ah, ah-ah-ah, ah-ah-ah, ah
Free'd up my mind now
Takin' flight, leavin' right now

I'm walkin' on a cloud
Wow, see me now
Ain't been down since you came around
I'm so high, jumpin' cloud to cloud
Take my hand while we leave the crowd
Play that, eight-track
Goin' way back, way down
And you know that I hate that same old conversation
Oh, please don't keep me waitin'

Ah, ah-ah-ah, ah-ah-ah, ah
Been feelin' tied down
Takin' flight, leavin' right now
Ah, ah-ah-ah, ah-ah-ah, ah
Free'd up my mind now
Takin' flight, leavin' right now

I'm walkin' on a cloud
Wow, look at me now
Head so big, I can see your house
Lip gloss and cut up jeans
Smilin' through your crooked teeth
Wow, look at me now
New high and I won't stoop down
A bit lost in your mystique
Queen of all my misery

Ah, ah-ah-ah, ah-ah-ah, ah
Been feelin' tied down
Takin' flight, leavin' right now
Ah, ah-ah-ah, ah-ah-ah, ah
Free'd up my mind now
Takin' flight, leavin' right now

I'm walkin' on a cloud
Wow, look at me now
I'm walkin' on a cloud
Wow, look at me now
I'm walkin' on a cloud
Wow, look at me now

I'm walkin' on a cloud
Wow, look at me now
