

# It Only Takes Two

Surfaces

I was walking through the park and  
I just saw you (oh no)  
We start talking, I start falling  
This ain't often, you gotta know

We get coffee the next morning  
It starts storming (oh no)  
Friends apartment, music starts and  
Now we're rocking, here we go

Ohhh  
You make me wanna tango  
Ohhh  
So I wanna make sure you know

It only takes two  
It only takes two

The song goes on and on  
I pull you along  
Dance until the dawn  
Its where we belong

Ohhh  
You make me wanna tango  
Ohhh  
So I wanna make sure you know

It only takes two  
It only takes two
