## Surfaces

Yeah, mmh  
Mmh, mmh, mmh

Flying high like the birds and the bees, and we'll  
Fill the sky with these songs in the trees, 'cause we're  
Buzzing, buzzing, and we're humming, humming  
And we're loving, loving all day  
Flying high like the birds and the bees, and we'll  
Feel alive while we float with the breeze, 'cause we're  
Buzzing, buzzing, and we're humming, humming  
And we're loving, loving all day

Feels good when I'm near you  
I got the whole world in our rearview, but  
When you're here I can feel you, like  
A summer day in June  
Migrate from the bad times now  
Love crimes never held me down  
Weaving through all these grapevines  
How we gonna find our truth?

This flight can take you higher  
Rise above all your fires  
Take you to your desires  
Just follow me

Flying high like the birds and the bees, and we'll  
Fill the sky with these songs in the trees, 'cause we're  
Buzzing, buzzing, and we're humming, humming  
And we're loving, loving all day  
Flying high like the birds and the bees, and we'll  
Feel alive while we float with the breeze, 'cause we're  
Buzzing, buzzing, and we're humming, humming  
And we're loving, loving all day

Find your wings when you're with me girl  
Take a trip we could feel this world  
Leave it all watch your life uncurl  
Let these moments move  
Love deeper than the blue that you see now  
Way above all the seas with our wings out  
Good times, yeah, we got 'em on speed dial  
Sun shining through

This flight can take you higher  
Rise above all your fires  
Take you to your desires  
Just follow me

Flying high like the birds and the bees, and we'll  
Fill the sky with these songs in the trees, 'cause we're  
Buzzing, buzzing, and we're humming, humming  
And we're loving, loving all day  
Flying high like the birds and the bees, and we'll  
Feel alive while we float with the breeze, 'cause we're  
Buzzing, buzzing, and we're humming, humming  
And we're loving, loving all day

Yeah, hol' up, wait  
Yeah, hol' up, wait  
Yeah, yeah, yeah, okay  
Yeah, yeah, yeah, okay  
Yeah, uh, yeah, okay  
Okay, yeah

This flight can take you higher  
Rise above all your fires  
Take you to your desires  
Just follow me

Flying high like the birds and the bees, and we'll  
Fill the sky with these songs in the trees, 'cause we're  
Buzzing, buzzing, and we're humming, humming  
And we're loving, loving all day  
Flying high like the birds and the bees, and we'll  
Feel alive while we float with the breeze, 'cause we're  
Buzzing, buzzing, and we're humming, humming  
And we're loving, loving all day

My, mym my  
You're my honey in the summer trees  
Spreading love just like some bumblebees  
And I know you're coming back to me  
Loving in the first degree  
And I know even when the sun go down  
And the seasons start to go around  
And the colors go from green to brown  
You'll fly back to me
