Rolling Stone

Surfaces

Throw it out, reel it in
Find a new place to sink or swim
Let me down, once again
All of it never seem to end

Nothing that they can say now
Is gonna change up my ways now
I ain't your rolling stone
(Ain't your rolling stone)

Everything gets so played out
Everything's so la now
I ain't your rolling stone
(Ain't your rolling stone)

They can walk on my wing
That don't mean I owe anything
Let 'em talk, let it ring
Leave it all for the magazines

Nothing that they can say now
Is gonna change up my ways now
I ain't your rolling stone
(Ain't your rolling stone)

Everything gets so played out
Everything's so la now
I ain't your rolling stone
(Ain't your rolling stone)

Falling out in the perfect way
(Ain't your rolling stone)
See it through until the final ray
(Ain't your rolling stone)

Nothing that they can say now
Is gonna change up my ways now
I ain't your rolling stone
(Ain't your rolling stone)

Everything gets so played out
Everything's so la now
I ain't your rolling stone
(Ain't your rolling stone)

Nothing that they can say now
Is gonna change up my ways now
I ain't your rolling stone
(Ain't your rolling stone)

Everything gets so played out
Everything's so la now
I ain't your rolling stone
(Ain't your rolling stone)
