

Sunny Side Up

Surfaces

I keep my sunny side up (Sunny side)
So they can see me from above
I keep my sunny side up (Sunny side)
No more runnin' from the love
I keep my sunny side up (Sunny side)
So they can see me from above
I keep my sunny side up (Sunny side)
No more runnin' from the love

Pour me up some oj
Have it fresh squeezed
Sizzle up some pico
And some bay leaves
Make sure that it's on low
Let the top breathe
Let the top breathe
Gotta let the top breathe

Crack another egg on it
Me and you could make the best omelette
Never seasoned so it's our timin'
You can smell the good vibes risin'

I keep my sunny side up (Sunny side)
So they can see me from above
I keep my sunny side up (Sunny side)
No more runnin' from the love
I keep my sunny side up (Sunny side)
So they can see me from above
I keep my sunny side up (Sunny side)
No more runnin' from the love (It goes)

Sweet like sugar, smooth like cream
Warm like the steam rising on my caffeine
Cozy as a coop, had to get you in the loop
Cooking in the kitchen all I really want to do is

Crack another egg on it
Me and you could make the best omelette
Never seasoned so it's our timin'
You can smell the good vibes risin'

I keep my sunny side up (Sunny side)
So they can see me from above
I keep my sunny side up (Sunny side)
No more runnin' from the love
I keep my sunny side up (Sunny side)
So they can see me from above
I keep my sunny side up (Sunny side)
No more runnin' from the love

I keep my sunny side up
You keep your sunny side up
We keep our sunny sides up
