

All Through The Night

Surfer Girl

Ring ring baby what's your plan for the weekend
I ain't heard a word from the boys
I'm down for something easy but we ain't got to pretend
That I don't hear the stress in your voice

So I'll grab the shovel and dig us a pit
If you pour a double and roll one up thick
It really ain't no trouble cause I love doing this
Come close

Pay no mind to the worries that tomorrow may bring
Baby pay no mind
Cause we got enough wood to keep the bonfire burning
All through the night

Now keep it burning bright
All through the night
While the stars they shine
All through the night

Now let me distract ya
I'll be your pregame then your party then your after
Kill them with kindness
Ain't gotta buy this when you got laughter
Memories we make are the keepsakes woah

Pay no mind to the worries that tomorrow may bring
Baby pay no mind
Cause we got enough wood to keep the bonfire burning
All through the night

Now keep it burning bright
All through the night
While the stars they shine
All through the night

Don't overthink
We'll make a list
Keep it cool just me and you
We try we try we try
To take a moment in this beautiful life
And make it all through the night
We take it slow
We try to make the most
Of every single moment just a little bit more
One thing I know ya I know for sure
We try, we try, we try

Pay no mind to the worries that tomorrow may bring
Baby pay no mind
Cause we got enough wood to keep the bonfire burning
All through the night

Now keep it burning bright
All through the night
While the stars they shine
All through the night
