

July Tree

SuRie

True love seed, in the autumn ground
True love seed, in the autumn ground

When will it be found?

True love deep, in the winter white snow
True love deep, in the winter white snow

How long will it take to grow?

You know true love
But in the April air, the April air

Was there ever a bud so fair?

True love blooms, for the world to see
True love blooms, for the world to see

Blooms high upon the July tree

True love blooms, for the world to see
True love blooms, for the world to see

Blooms high upon the July tree
