

Nostalgia

SuRie

I can't keep coming back to you
There's a sickness in my bones
I lose my breath, I feel alone
I can't keep coming back to you
What once was home is now pain from an old wound

I can't keep coming back to you
There's a sickness in my bones
I lose my breath, I feel alone
I can't keep coming back to you
What once was home is now pain from an old wound

Nostos, algos, again
Homecoming, home, pain
Nostos, algos, again
Homecoming, home, pain
Nostos algos, again
Home, coming home, pain

I can't keep coming back to you
I feel a sickness in my bones
I lose my breath, I feel alone
I can't keep coming back to you
What once was home is now pain from an old wound
