

## Trust

SuRie

I know you're right about a lot of things  
Sometimes it takes me a while  
Just plant the seed, then let it breathe  
I'll come back around

I try to keep pushing forwards  
I walk, I move along  
But sometimes it's a lot and I freeze  
Just let me be

Trust me, there are things I can't explain  
Trust me, how it feels to hear my name  
Trust me, I know I disappear and hide away  
But I'm ok  
I'm ok

I hear you and I listen to the wisdom in your voice  
I wish I could believe as you do  
Your passion and your vision fills me up and calms me down  
Now let me sit a while, get to that place too

I try to keep pushing forwards  
I walk, I move along  
But sometimes it's a lot and I freeze

Trust me, there are things I can't explain  
Trust me, how it feels to hear my name  
Trust me, I know I disappear and hide away  
But I'm ok  
I'm ok, I'm ok, I'm ok, I'm ok

Trust me, there are things I can't explain  
Trust me, how it feels to hear my name  
Trust me, I know I disappear and hide away  
But I'm ok  
I'm ok, I'm ok, I'm ok, I'm ok  
Ok?
