Survive Said The Prophet

Using words like not enough
Like it's a different kind of love
Don't know if I am strong enough
Strong enough to pull it off

You use your words like not enough (Damn)
Like it's a different kind of love
Don't know if I am strong enough
Strong enough to pull it off

You use words like not enough
Like it's a different kind of love
Cause I don't know if I am strong enough
Strong enough to pull it off
