

## Mantra

Susanne Sundfør

I'm as lucky as a moon  
On a starry night in June  
Looking down on a lagoon  
I'm as lucky as a moon

I'm as clever as a crow  
In a yellow meadow  
Making all the flowers glow  
I'm as clever as a crow

I'm as mighty as a shark  
I roam in the dark  
I might scar you with my mark  
'Cause I'm as mighty as a shark

I'm as empty as the Earth  
An insignificant birth  
Stardust in a universe  
That is all that I am worth
