

Best Friend

Susie Suh

I just want to thank you for being my best friend
For all these years through the thick and the thin
When I was weighted down by so much fear
You always told me what I needed to hear

And it's your voice inside my head that rings true
It's your love inside my heart that bleeds through
No one really knows me like the way you do
It's your love that carries me through

I remember when I couldn't sleep for days
And I was so far six thousand miles away
I was wishing that I could come back home
That you made sure that I was never alone

And it's your voice inside my head that rings true
It's your love inside my heart that bleeds through
No one understands me like the way you do
It's your love that carries me through

If we should ever argue
If we should ever fight
If one of us points the finger
And needs to be right
I just wanna say
I just want you to know
I will always take you with me
Wherever I go

Cause it's your voice inside my head that rings true
It's your love inside my heart that bleeds through
No one really knows me like the way you do
It's your love that carries me through

(Cause it's your voice inside my head that rings true
It's your love inside my heart that bleeds through)
