

You & I

Susie Suh

I spoke to you again today
In a grove of redwood trees
You told me I am beautiful
You spoke your truth to me

Inside every winter
Is a summer waiting to be free
And I am so very tired
Tired of being me

It's just that I've been
Waiting for so long
It's just that time keeps
Moving on and on

But every time I close my eyes
I think of you and feel alright
Telling me that everything
Will be just fine

You and I were meant to be
You and I were meant to see
That you and I were all we need
To have, to hold for eternity

I lay inside the nook
Of the tallest tree trunk
Felt it's branches wrap around me
And shower me with leaves of gold

I dreamt of strange places
And time stood still
And as we spoke I remembered
When I was a little girl

You said
Surrender and let go
You said
That I will never be alone

But every time I close my eyes
I think of you and feel alright
Telling me that everything
Will be just fine

You and I were meant to be
You and I were meant to see
That you and I were all we need
To have, to hold for eternity

As our conversation ended
And dusk began to fall
I thanked you and prepared
To go back into the world

The wind kissed the us
Humming the melody

And when I think of you
I sing quietly

You and I were meant to be
You and I were meant to see
That you and I were all we need
To have, to hold for eternity

You and I were meant to be
You and I were meant to see
That you and I were all we need
To have, to hold for eternity
