

# Cocaine

SUSTO

Ride with me  
To buy cocaine  
Lickin' my hands  
In the passenger seat  
It's feels so good  
Being bad  
I should go  
But I'm already here

Spinning hits  
Like an electric guitar  
Casting spells  
From up on the stage  
Cat like eyes  
And a hard dog ear  
I don't know how to leave this place

Ride with me  
To buy cocaine  
Lickin' my hands  
In the passenger seat  
It feels so good  
Being bad  
I should go  
But I'm already here

Come and ride with me  
To buy cocaine  
Lickin' my hands in the passenger seat  
It feels so good  
Being bad  
I should go  
But I'm already here  
I should go  
But I'm already here
