

# Off You

SUSTO

Waiting on the rain  
To just stop  
I'm three weeks off cocaine  
And that's rough  
I sold to y'all my name  
For not much  
Now I can't seem to get myself off of you  
Yeah

I think when it stops  
I'll drive my van out to the ocean  
Park at our secret spot  
And cover myself in sunscreen lotion  
They say it's good for the mind  
All that random motion  
Now I can't seem to get my mind off of you  
Yeah

I can't seem to get myself off of you  
Yeah
