

Resolve It

SUSTO

Save a life, start a war
It's not alright, but it was before
You can climb a mountain
You can sail the sea
All the way to the middle with me
You can find that somethin'
You've been lookin' for
A lightnin' bolt from above

Whatever word I say
I resolved it, I resolved it
No, never would I say
It resolved in time
Never would I say
I resolved it, I resolved it now

Oh-eh, oh-eh, oh-eh, oh-eh, oh-eh, oh-eh, oh-eh
Oh-eh, oh-eh, oh-eh, oh-eh, oh-eh, oh-eh, oh-eh
Oh-eh, oh-eh, oh-eh, oh-eh, oh-eh, oh-eh, oh-eh

A sinking ship, better swim for shore
Feet in the sand, I'm saved, I know it
In the middle of nowhere
Surrounded by nothin'
What is the point of that life?
When you wanna be somewhere
Then you gotta be somethin'
You've got a story to find

But never would I say
I resolved it, I resolved it
No, never would I say
It resolved in time
Never would I say
I resolved it, I resolved it now
(Never would I say that it all worked out)
I resolved it now
Never would I say
I resolved it, I resolved it
Never would I say
I resolved it now
Never would I say
I resolved it, I resolved it now
I resolved it now
Woo, woo
